

To,  
The stichting Khorlo,  
Netherland,

We here like to convey our warm greeting to you  
Tashi Delek, first of all.

We are glad to hear about the meeting today, as we have been  
discussing earlier to seek a guidance and help from stichting  
khorlo to find a way-out to solve the growing number of non  
status Tibetan here.

We all are facing difficulties every single day, not to mention  
every details. Its pity that, among few of us are arrested ,  
putting behind bars and with no positive impact..  
We all feel insecure here of what negative outcome will emerge.

Hopefully everyone make this meeting worth and bring the  
significance of the issue.  
We really appreciate your effort to take a step and to summon  
this meeting.

We do understand your situation as well, but we believe that  
your effort and support will not go in wasted.

Thanks for your help for the Tibetan people here in  
Netherland.

On behalf of all the non status Tibetan here
